MISS ROSEWOOD CORONITA x - The undefeated Grand Champion Female of 1963. Grand Champion at the 1963 Ill. & Mo. State Fairs. Last year she was Reserve Grand Champion at Illinois and Grand Champion at Missouri. This year her maternal sister, by Coronet Max Leader, was Reserve Junior Champion at the Illinois State Fair. Louada Miss Rosewood is still a young cow, but we now have seven female descendants of her. TPS Coronet Leader 7th was exhibited and won his class at the American Royal in strong horned competition before being sold at \$4000 to a herd in South Africa. Coronet Max Leader has proven himself to be one of the great breeding bulls of all time. Priam Royal Leader was sold for export to Australia at \$7500 where he has made a great showing through his progeny. Last year nine of his calves sold at auction at an average of over \$5000. The Grand Ch. Bull & Female and first and second prize get-of-sires were by Priam Royal Leader at the Royal Easter Show in Sydney. Juno Coronita also produced TPS Max Coronet 92nd, the International Gr. Ch. as well as a daughter that topped the International Show. Killearn Max Juggler was sold at \$10,000 and under his new ownership he was made International Gr. Ch. Bull. Without any doubt, Miss Rosewood Coronita is one of the all time near perfect Polled Shorthorn Females ever produced. She was mated April 25 to TPS Coronet Galaxy and has been examined and found safe in calf. We reserve the right to exhibit this heifer at the International!

CRESTVIEW ROSE x - A growthy daughter of the 1960 International Grand Champion Lynnwood Nobleman x. She was bred April 5th to Delwood Rothes x, the popular \$2,000 bull purchased by Ellis Shafer in the 1961 Congress. This bull is the sire of Lots 7, 15, 33, 35 and 39. We believe this heifer will make an excellent brood cow. Calfhood Vaccinated.

America's most successful cattle breeders will tell us no price is too much to pay for REAL FEMALE QUALITY...not if that brood matron is put into a well planned breeding herd, bred to a sire that nicks and bears a premium dividend every year of her producing life. Females selling in this All-American event are the premium-producing, foundation-kind. You need not fear you are gaining this opportunity to buy them because they're second best! Look at the consignors' names. Their reputations dictate they cannot merchandise anything less than the best!

## STANDARD GUARANTEE

### RECOMMENDED BY AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest,
